

Welcome to

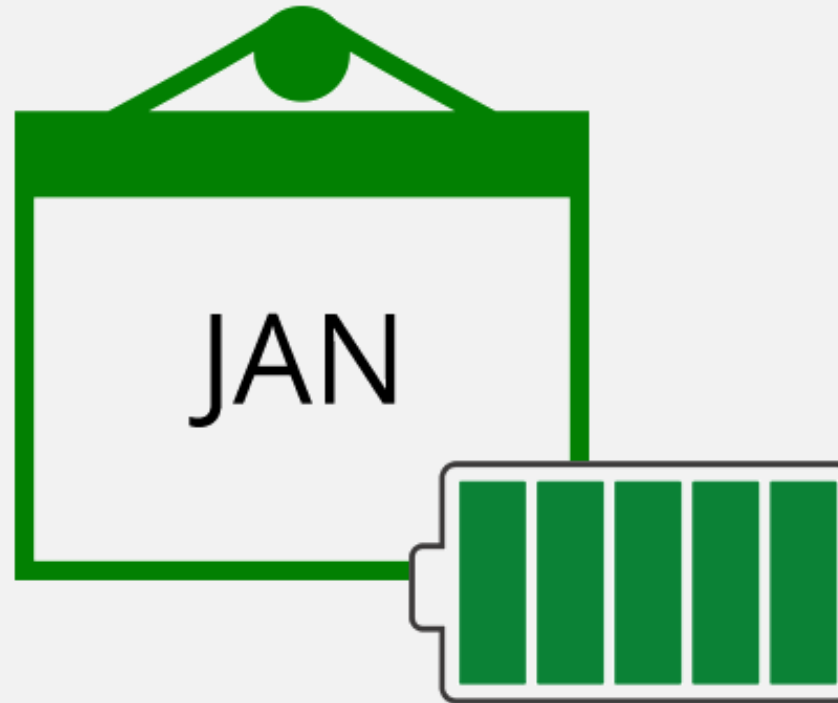

Liteplan
emergency lighting

What is emergency lighting?

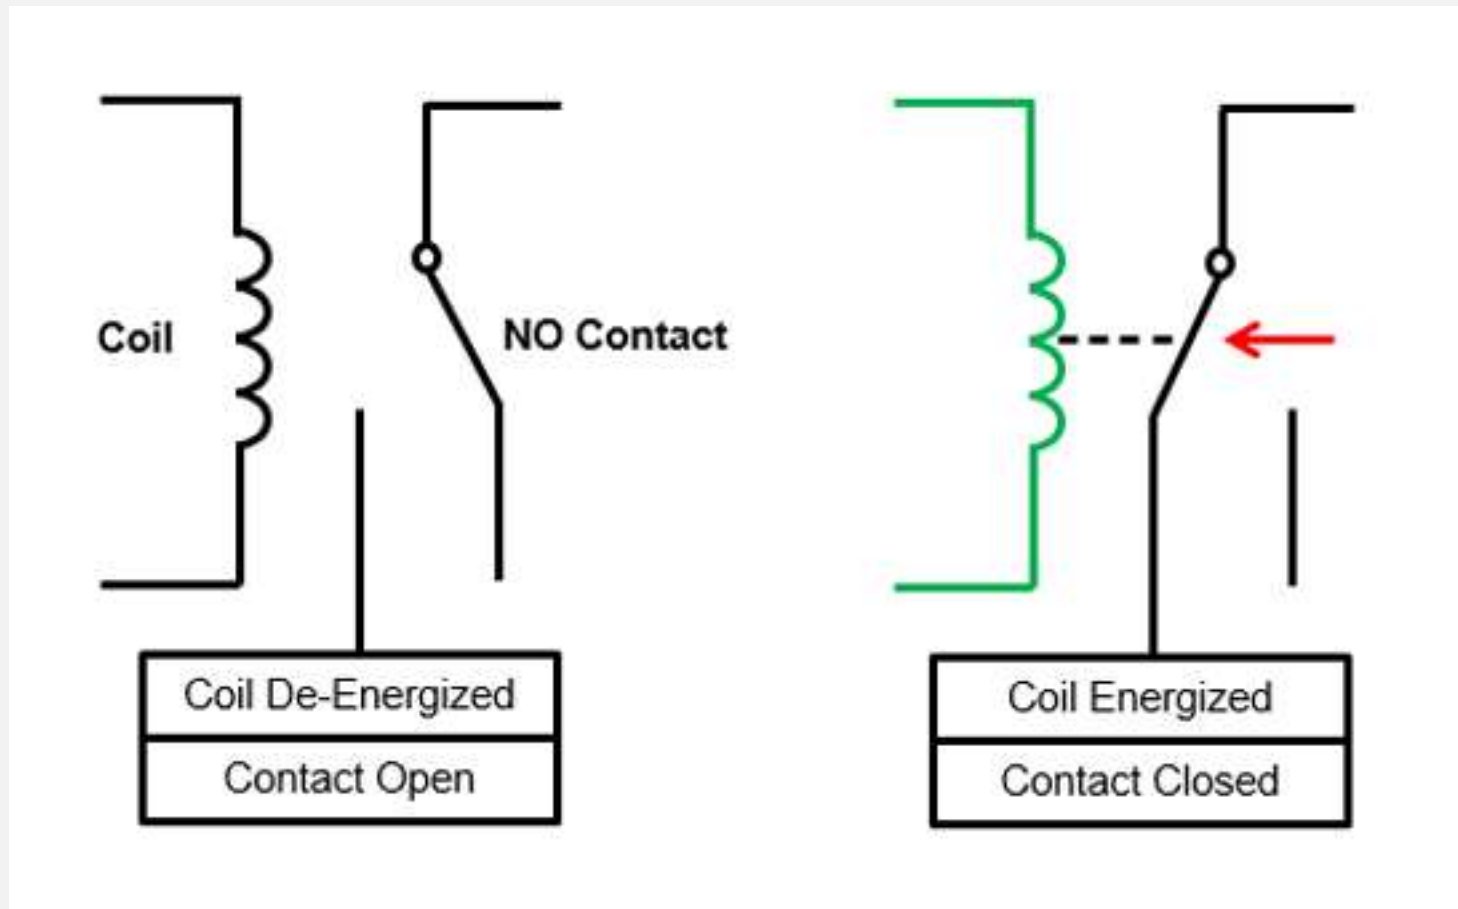

What is the lifetime of emergency lighting batteries?

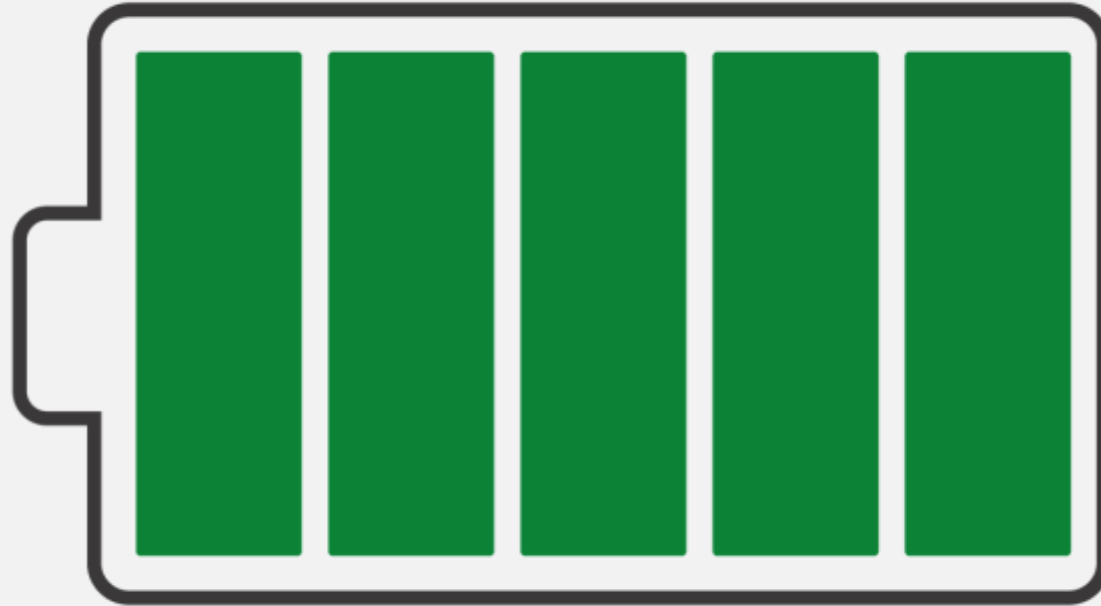

Testing of emergency lighting installation

Function Test – Once a month

Duration Test – Once a year

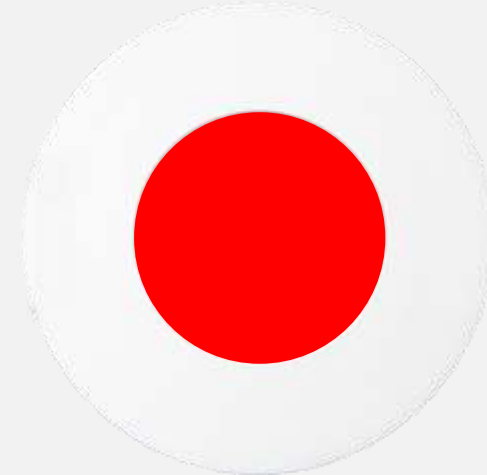

**How are these tests carried out?
What proof is there?
Whose responsibility is it?**

Manual testing

Standalone self-testing

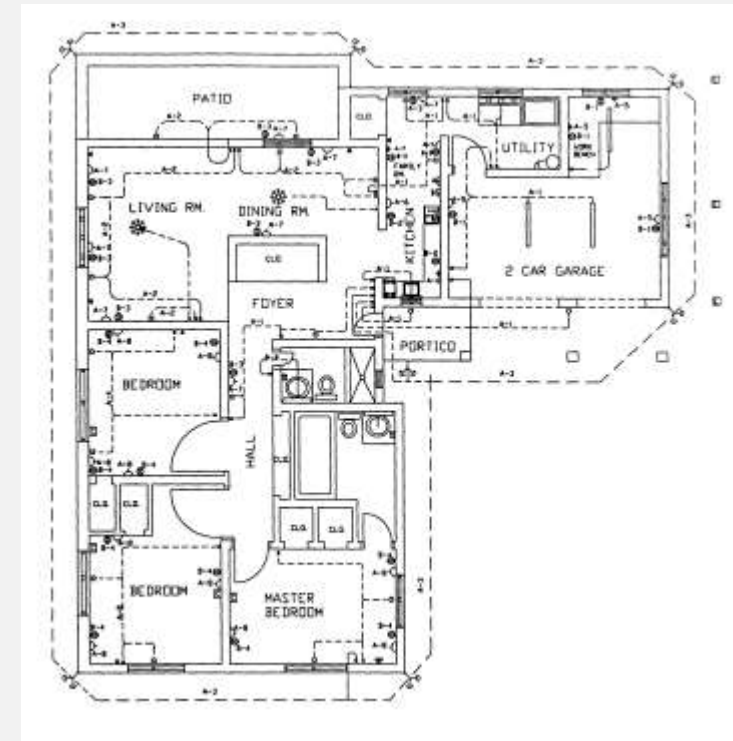

Centrally monitored self-test

DAI emergency lighting reports

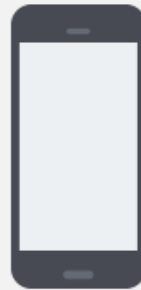

Deployment of DALI Control Systems

Was Wireless the answer?

4G

Bluetooth

WiFi

Would that be Zigbee?

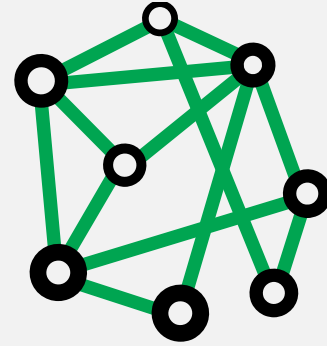

Would it be Bluetooth

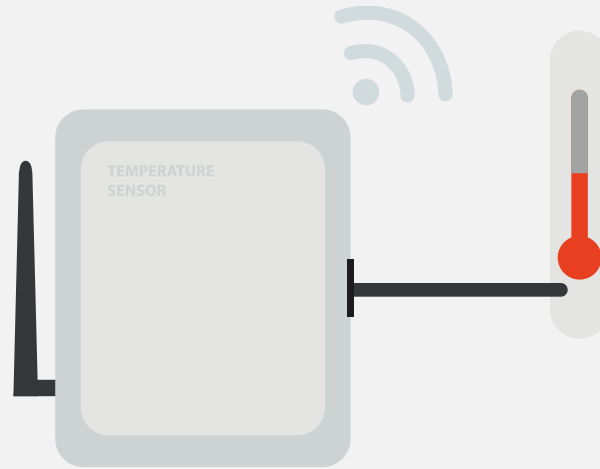

HQR[®] Alliance

Movement
Sensor

Temperature Sensor

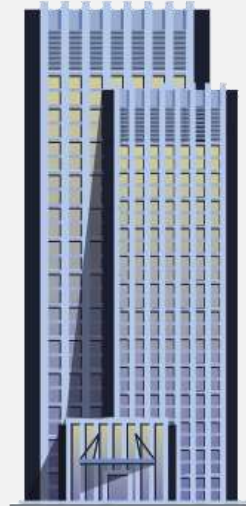

Energy Monitor

CO2 Sensor

Gateway and Portal

Thank you
